Winter 2016

The Parish Council wishes all residents and friends of North Ferriby a very Merry Christmas and a happy and healthy 2017

Change to Planning Application Publicity

From April 2017 there will be a change to how East Riding of Yorkshire Council communicates with residents about planning applications in your area.

Letters will no longer be sent automatically to neighbouring properties, instead there will be larger, more visible street notices provided on every new application which will include a QR Code for those with mobile technology. It is already possible for all residents to register for automatic emails about any planning application submitted in a chosen area but further information on how to do this will be provided in a future edition of the Council's **Your East Riding** magazine.

Developers and applicants are also being reminded of their responsibility to consult with neighbouring property owners.

Housing Needs in North Ferriby

Thank you to everyone that responded to the Parish Council's request to let us know of your housing needs, particularly those of older people in the village.

A total of 26 responses were received from 43 residents that would like to see either bungalows or purpose built apartments for older people provided on land to the east of the village. This level of interest has been put into an anonymised summary report and provided to housing strategy officers at ERYC to help them in their discussions with the land owner and potential developers of the site.

Our Ward Councillors have also shared the summary report with providers of specialist accommodation for the over 55s.

Melton Fields Decision to go to Court of Appeal

We have confirmation that the decision of the Secretary of State for Communities and Local Government to refuse the planning appeal of St Modwen Properties for Melton Fields will now go to the Court of Appeal. We do not yet know what timescale will be involved and will keep the village informed via our website as we gather more information.

The hearing will be in London and it **will not** involve site visits to North Ferriby. Can the remaining **red protest boards** around the village **please be removed** as they will have no effect on the case and, after four years, are causing comments and complaints from fellow residents.

The Royal Courts of Justice

Please help prevent Flooding

It would help surface water to get into the drainage system if drain covers were kept free of leaves and we are seeking your help in doing this.

If you can clear leaves from the gutters near to your home and put them in your brown bin we would be extremely grateful.

Allotment Winners' Presentation

The winners of the 2016 allotment awards were:

Elizabeth Clague (left) for the Best Full Plot

Sandra Hathway (right) for the Best Half Plot.

They are pictured collecting their awards from the Chairman of the Parish Council, Cllr Belinda Hookem.

Care on Riverside Walkway and near the Reed Pond

Residents are reminded that they are responsible for their own safety, and that of their pets, when they go on Riverside Walkway. The Parish Council carries out regular inspections of the area but as it is a natural area, is frequented by wildlife and also subject to occasional vandalism, not all eventualities can be anticipated. Dog owners are also politely asked to keep their dogs off the re-seeded area alongside the Reed Pond so that it has chance to establish itself over the winter.

New Parish Councillors

We are delighted to announce the appointment of three new Parish Councillors by co-option to fill our casual vacancies. They are **Erika Burney** of Selwyn Avenue, **Alison Clark** of Mount View and **Phil Blogg** of Woodgates Lane. They join **Terry Black** of New Walk who was also co-opted to the Parish Council earlier this year and who is making a great contribution. Their contact details, and those of all Councillors, can be found on our website page **Your Council**.

A Big Thank You

To the team of volunteer **Litter Pickers** who do such a great job in keeping our Village clean and tidy.

Repairs to the Boat Pavement

Hundreds of people every year stop to look at this iconic symbol of a **4000 year old boat** which, more than likely, would have sailed from North Ferriby.

Now our outline boat is so sad and we would love to renovate it. North Ferriby is playing a prominent part in the **2017 City of Culture** celebrations and we thought it would be fitting for the best example of culture and history for miles around to be restored to its former glory.

If you can spare any small contribution towards the cost please let us know. We would hope to have it ready for late Spring and launch it (metaphorically) with a celebration soon after. For donations please contact clerk@nferriby.info
